1. Changes in accounting policies

(Application of Accounting Standard for Current Income Taxes, etc.)

The Company has applied Accounting Standard for Current Income Taxes (Accounting Standards Board of Japan (ASBJ) Statement No. 27, October 28, 2022; hereinafter referred to as the "Revised Accounting Standard 2022") effective from beginning of the first quarter of the fiscal year under review.

The amendment to categories in which current income taxes should be recorded (taxes on other comprehensive income) follows the transitional treatment prescribed in the proviso of paragraph 20-3 of the Revised Accounting Standard 2022 and the transitional treatment prescribed in the proviso (2) of paragraph 65-2 of the Implementation Guidance on Tax Effect Accounting (ASBJ Guidance No. 28, October 28, 2022; hereinafter referred to as the "Revised Implementation Guidance 2022"). The new accounting policies are applied from that beginning of the current fiscal year. The cumulative effect of retrospective application of new accounting policies prior to the beginning of the first quarter of the current fiscal year is added to or subtracted from retained earnings at the beginning of the first quarter of the current fiscal year. The corresponding amounts are added to or subtracted from the appropriate category of capital surplus or accumulated other comprehensive income. As a result, retained earnings at the beginning of the first quarter of the current fiscal year increased by 702 million yen and unrealized gains on available-for-sale securities decreased by the same amount.

For the amendment related to the revised accounting treatment for consolidated financial statements when gains or losses on sale of shares in subsidiaries resulting from transactions between consolidated companies were deferred for tax purposes, the Revised Implementation Guidance 2022 has been adopted from the beginning of the first quarter ended June 30, 2024. This change in accounting policies is applied retrospectively, and quarterly consolidated financial statements and consolidated financial statements for the previous year are after retrospective application. This change in accounting policies has no impact on the quarterly consolidated financial statements for the same quarter of the previous fiscal year and the consolidated financial statements for the previous fiscal year.
